SUPREME CHAMPION ANIMAL OF SHOW 2019

Christina Jordan with her Meat Breed Sheep

Annual General Meeting

The Annual General Meeting of Members of the Canterbury Agricultural and Pastoral Association will be held in the Gloaming Room, Riccarton Park Racecourse, 165 Racecourse Road, Christchurch on Friday 18 September at 3pm sharp. All members of the Canterbury A&P Association are invited to attend.

ORDER OF BUSINESS

1. President's Welcome
2. Apologies
3. Minutes of the 2019 Annual General Meeting
4. Matters Arising
5. President's Report - Chris Herbert
6. Presentation of Financial Statements/Chairman's Report
7. Appointment of Auditors for the ensuing year - Chairman
8. Election of General Committee
9. Election of Officers of the Association
10. Appointment of Directors to Canterbury A&P Association Board
11. Approval of Directors' Fees
12. President's Handover - Chris Herbert
13. Event Director's Report - Geoff Bone
14. General Business

Refreshments will be served at the conclusion of the meeting.

President's Report

Reflecting on the 2019 New Zealand Agricultural show still gives me great pride, as much today as it did Show Week. Once again, the weather gods smiled upon us to give three fantastic days with the rain, thankfully, being reserved for the night.

I must admit, for the first time Katrina and myself got to walk the whole showgrounds and see a lot more of what the Show has to offer. We both really enjoyed spending our time with members, exhibitors and friends throughout the Show and truly got to see, that for many, the essence of the Show is that annual catchup.

Some of the highlights for me were, of course, Hazletts Farmyard where urban really does get to connect with rural and for many children this is their very first experience of touching a farm animal.

The cattle section has risen from what was a near impossible situation with M bovis to retain and grow its position as the strongest cattle event in the country.

The shearing was something of a complete eye opener as I got to witness first hand the countless hours of preparation the section puts in. From working bees on farm in the run up to the event itself, which can only be described as premier.

The sheep section pulled another one out of the bag with another strong turnout and a lot of fun had by all. Our newest event the BBQ competition, Let There Be Meat, was also a real hit and an event I think we can build on with regard to the fine produce available in Canterbury.

Our wool industry at present is facing real hardship and I feel our Association has a responsibility to promote and provide the space to showcase the amazing things wool can create. Seeing many visit the newly positioned Wool Pavilion at the Show was heartening.

Congratulations must go to the Jordan family on their success with an amazing Southdown ewe with her triplets in the Supreme Champion Animal in Show, and to Phillipa Pattullo for taking on the challenge of judging a very difficult section. It was great to see Mark and Robyn Copland for taking out the Dakins Ambassador of the Year award. Carolyn Flay was also recognised with a well-deserved Show Legend title.

Geoff Bone and his team at Beck and Caul once again ran a fantastic show and I wish to thank them all. I would also like to make a special mention and thank you to Dugald and Jonathan for all of their work on the grounds...and let's not forget what the grounds looks like the day after the Show finishes.

There were very few disappointments for me with regards to the Show, but there is one rather

large factor we must acknowledge. The most important aspect for the Show is profit. In order for our Association to be sustainable we need to make money, and we are not.

Despite a wealth of experience in legal, accounting and marketing across our General Committee and board, the Association still seems to sit on the edge of a financial cliff. We seem to have ever increasing costs with compliance and traffic management. Our relationship with the council has been tested and we find ourselves in the unimaginable position of land constraints with car parking limiting our ability for greater income. This is further illustrated with NETSAL getting the go ahead to build and use even more of our parking. In short, our income seems limited and our costs are rising

COVID-19, as you all know, has had a massive impact on our Association. The decision to cancel the New Zealand Agricultural Show for 2020 was a heart breaking one for me, yet I know it was the right decision in what has been some extraordinary times for all of us. I know Geoff and the team have gone above and beyond what has been asked of them with the Show Saviour campaign, putting in many hours communicating our decision. We have had some amazing support from many people who are absolutely passionate about our organization and, thanks to them, we will be back in 2021. What is even more encouraging is the fact that some sections are working on events for 2020 as I write.

A big thank you to all committee, sub-committee, board and staff, it has been a pleasure to work alongside you all.

To my wife, Katrina, thank you for all your help behind the scenes and to Louie and Charlie for exhibiting our cattle, which really did make us proud.

It can never be underestimated the endless hours of work that go into our Show and my position gave me a truly humbling view of the commitment by hundreds of people for which thank you never seems enough.

It has truly been a privilege being your President for the past year and I look forward to being part of the best show in New Zealand well into the future.

Chris Herbert
CAPA President

Chairman's Report

The 2019 Show was an operational success with generally good weather and good crowds. We made little progress in improving our financial position with another small loss for the year*. Sponsorship and gate takings were down, but trade site sales were up, reflecting great work by the event team involved. Unfortunately however, our 'hand to mouth' existence continues, and is now dramatically impacted by COVID-19. To have to cancel the Show, for only the first time since World War 2, is a major tragedy. However, with such a fragile balance sheet, there was no way we could carry the on-going costs, in the hope of holding a Show.

We have initiated a 'Save the Show' campaign to raise sufficient funds to underpin successful shows in the future. We are actively seeking funding from many sources, including a few successful applications to central and local government already. Individual members have also been hugely generous in making donations and, for that, we are eternally grateful. Still, we grapple with a business plan that will challenge both ourselves and our event management team to survive 2020 with enough resource to firstly plan, and secondly implement, a 2021 Show programme.

*We decided during 2019 to change our balance date to 31 March, hence requiring a 15 month reporting period. What it means for the 15 month period to 31 March 2020, is that we have made a loss of \$357,218. However, the situation looks much better when we add back depreciation (\$130,532) and operating costs incurred for the first three months of the year, pre the impact of COVID-19 (approximately \$240,000). There has also been a much larger provision for bad debts and a large number of accruals have been made to tidy up the transition to the new balance date.

Accordingly, whilst we have an iconic, historic, and yet contemporary business, we struggle to keep our heads above water. I am conscious that the financial 'hand to mouth' existence puts a lot of strain and pressure on our event management team and the Committee and our volunteers. In recent years we have had to counter the challenges of Bovis, increasing Health & Safety costs, and now COVID-19. Despite these 'curved balls', we must find answers that underpin a much more sustainable business model, and ensure growth and security.

I am pleased to report that we have finally signed off on a new Park Management Contract with Christchurch City Council. This will give our operations team much greater clarity in their activities.

The advent and growth of Nga Puna Wai and its encroachment on our activities over recent years has been an ever increasing source of frustration to the board and management. We continue to have dialogue at the highest level within council but with limited impact. On a positive note, the Rates remission issue, thankfully, has been resolved, with a payment of over \$50,000 being made by CCC in acknowledgement of overcharging.

Health & Safety compliance continues as an ever increasing and necessary focus for the Show, and also for the wider Park facility. We have made significant progress in this area in a move to de-risk the Show and reduce both organisational and personal liability for any non-compliance. Some might see this focus as 'being over the top', but the board, by necessity, must take a conservative approach to these risks.

I continue to be aware of ongoing requirements for better administrative facilities for the Committee and volunteers. These infrastructural requirements have not escaped the board's thinking, and we are currently working on one such project, albeit it is still in its early stages.

As you can see, both the management team and board have a lot on our plates outside of the Show itself. Our business model and fragile funding base continue to be at considerable risk. To that end, the development of the Wigram Road land is crucial and we are in the early stages of trying to secure this freehold from the council.

We again had the privilege of hosting a number of dignitaries at the Show, including Minister Of Science & Innovation and local MP Megan Woods, Minister of Agriculture, Damian O'Connor, Labour & National MPs, the Mayor and a number of High Commissioners and Honorary Consuls. All this reinforces the wide national and international appeal we have, particularly in the agricultural world. We must continue to build on this over time.

I thank the board for their support, guidance and wisdom. We have a strong and diverse board with a wide range of skills, attributes and contacts that work hard, and contribute significantly beyond normal requirements to the governance function and management direction. We again held a board planning day in December to help focus attention and resources on a coherent and measurable path ahead.

I want to also acknowledge the extraordinary contribution of the General Committee and associated sub committees and volunteers. Without them we would not have a Show or a business. My thanks particularly to outgoing President, Chris Herbert, for his leadership, and I welcome Chris Harris into the seat for the upcoming year. Volunteer time is increasingly in short supply but our people stand out as a role model of community effort and success.

My sincere thanks also to Geoff Bone and his team at Beck & Caul, who tirelessly work to produce a professional and well managed Show. The outstanding work of our operations team of Dugald Thomas and Jonathan Carden-Holdstock, who daily manage an increasingly busy Park, must also be acknowledged.

I wish to acknowledge our sponsors, trade clients, exhibitors and many other stakeholders, including major suppliers. We don't take you for granted and value your ongoing contribution, for many of you, year in year out.

Finally, post-COVID, I believe we now have the opportunity to regroup, recalibrate and reset for an exciting, albeit challenging, future. To that end, we are establishing a Steering Committee to look at a new programme for 2021 with fresh eyes. 'every cloud has a silver lining' and 'never waste a good crisis' are two sayings that are topical and spring to mind. We must maintain our appeal to the citizens of Christchurch and Canterbury, so we can continue to educate, connect and inform our Friday visitors, and help bridge the divide between town and country.

Stewart Mitchell
Chairman

Event Director's Report

Over the past few years, the Show has combated numerous hurdles. We have faced battles with the council on developments that have heavily impacted our profitability. We have tackled *Mycoplasma bovis* head on and proved that our cattle committee put on a cattle event like no other. We have faced issues with the RAS, welcomed a name change, and tackled all this with a smile on our face and a 'show must go on' attitude. We seem to say it every year, but I can certainly say that 2020 has brought the biggest challenge to our movement yet, as we join New Zealand as a whole in fighting to save our organisation from COVID-19.

Before I delve into this further, I want to go back to last year's Show, an event that now seems a lifetime ago, when the outlook on the world was certainly very different. The 2019 Show was an event we can all be proud of. We welcomed in the new along with the must loves and saw a truly fantastic display of livestock and community spirit. We welcomed the widest variety of entertainment yet, from the NZ Rodeo Cowboys in the Main Arena to He Tāngata on the Tip Top Family Lawn to the Eastern getting the crowds dancing on a sunny Show Day.

The Show received fantastic coverage in the media, with a particularly tickling story of a somewhat unusual entry into the poultry section! Partnered with some fantastic weather, we saw the crowds flock on Friday and I am proud of everyone who contributed to every aspect of making the three-days what they were.

I want to extend a thank you to every individual who supports the Association and my team in executing the Show. From working bees, to showground set ups to delivering volunteer lunches on the day, it is a complex beast and every helping hand plays a crucial part.

However, our gate takings were down 12% on what we would normally see, this is a reflection of the ongoing issues in parking enough cars and the associated problem of getting people into the site. This, coupled with increasing costs, meant our cash flow was neutral and we were unable to generate cash surplus to re-invest in the Show for future years.

With the ability to grow visitors to the Show limited by council impacted parking restrictions, and the idea of solely relying on a weather dependent event becoming ever more risky, we have spent the year exploring alternative incomes and are in constant talks with the General Committee on how to make these a reality. Unfortunately, these developments did not come quickly enough to protect us from the impact of COVID-19.

As you are all aware, a decision needed to be made earlier in the year as to whether we continued planning for the 2020 Show, with a weigh up of the risk of having to cancel later and face financial ruin, or cut our losses early and look to protect the future of the Show. I am confident we made the right decision, with the future of the Association and a moral obligation at the heart. We still found ourselves in a financially precarious situation and the Event Management Team launched the Show Saviour campaign to combat this, building reserves to kick start planning again. All

in all the campaign has raised \$100,000 so far, with generous donations from members, trade exhibitors and the public. This money has been set aside for 2021. We also successfully raised enough money from sponsors and central and local Government to cover the majority of costs for the management team. The display of care shown has been incredibly heartwarming and means we will definitely be working towards a Show next year, with smaller events focused solely on competition organised for this year.

It is not just the Show itself that has been a casualty of COVID-19 this year and I want to make you all aware of changes in the event management team. I came to an agreement with the board to reduce the event management fee, ensuring the best chances of the Association's survival. I have put my all into running this event over the last 8 years and built a core team who hold the Show in as high a regard as I do. These individuals have learnt the ins and outs of all aspects of the Show, working with you, the public, competitors, sponsors and exhibitors to build relationships and grow the Show. The hours put in to executing the Show are unbelievable to many, but my team have put them in, going above and beyond to put on an event the Association can be proud of. As it stands, we have reduced the staff numbers considerably; however we are working on a plan to retain as much knowledge as we can and ensure many of the staff can return. This is, however, a tricky and ongoing discussion between the board and event management company and I would ask you to be considerate of this and reach out and thank those who have helped you over the last few shows.

None of us can be certain what the future holds, but I look forward to working with you all to fight for the return of our Show, bigger and better than ever.

One final message of thank you. It has been a pleasure working with your President this year, Chris Herbert, whose endless support in navigating this tricky terrain has been greatly appreciated.

I will continue to provide timely updates as information arises over the coming months.

Geoff Bone
Event Director

Notes to the Financial Statements

For the 15 Months Ended 31 March 2020

Note 1 - Statement of Accounting Policies

Reporting Entity

The Canterbury Agricultural & Pastoral Association is a Society governed by the Agricultural & Pastoral Societies Act 1908.

Canterbury Agricultural & Pastoral Association is registered as a Charitable Entity under the Charities Act 2005. Registration Number CC39172.

Note 2 - Statement of Compliance and Basis of Preparation

The financial statements have been prepared in accordance with generally accepted accounting practice in New Zealand. They comply with the PBE Accounting Standards as appropriate for Tier two not-for-profit benefit entities. As a registered charity, The Canterbury Agricultural and Pastoral Society is required to prepare financial statements in accordance with NZ GAAP as specified in standard XRB A1. The Association is a Tier Two reporting entity as it has expenditure less than \$30m and greater than \$2m.

Change of Balance Date

The financial statements for current the period are for 15 months following the election to change the balance date for financial reporting purposes from 31 December to 31 March 2020. The prior year comparatives are for a period of 12 months for the year ending 31 December 2018.

Measurement Base

The financial statements have been prepared on the basis of historical cost except for the following material items in the statement of financial position:

- Buildings are stated at valuation
- Livestock is measured at market value

These financial statements are presented in New Zealand Dollars (\$), which is the Association's functional currency. All amounts have been rounded to the nearest dollar, unless otherwise indicated.

Going Concern

The financial statements have been prepared on a going concern basis. Further information on the impact of COVID-19 and going concern can be found under note 13 of the financial statements.

Note 3 - Specific Accounting Policies

a) Depreciation & Amortisation

Depreciation has been charged on the basis of cost or valuation, at rates based on the expected economic life of the asset.

The following rates have been used:

Buildings	2 - 6% S L
Furniture & Fittings	8 - 40% DV
Office Equipment	10 - 67% DV
Plant & Machinery	2 - 67% DV
Motor Vehicles	10 - 30% DV

The depreciable amount of an intangible asset with a finite useful life shall be allocated on a systematic basis over its useful life.

The following rates have been used:

Intangibles	15% S L
-------------	---------

b) Valuation of Property, Plant & Equipment

Land and buildings (not including the Saleyards Land and buildings (not including the Saleyards buildings), are included at depreciated replacement cost, due to the specialised nature of buildings. Other assets are stated at cost less depreciation to date. Property, plant & equipment are written down immediately if an impairment in the value of the asset causes the recoverable amount to fall below carrying amount.

c) Trade Debtors

Trade debtors are valued at net realisable value after due allowance for doubtful debts.

d) Leases

Payments made under operating leases are recognised in the Statement of Financial Performance on a basis representative of the pattern of benefits expected to be derived from the leased assets.

1. On the 18 December 2017, the Association renewed the lease with Canterbury Sale Yards (1996) Limited for a second term. Under the lease renewal document a number of key terms were changed, as now Canterbury Saleyards (1996) Limited will pay all outgoings going forward.

- Canterbury Sale Yards (1996) Limited has the right to claim nine rights of renewal, each for 20 years – potentially a further 180 years.
- In the event that the lease is not renewed, all ownership and occupancy benefits and costs revert to the Association.
- Key terms
- Beyond 2017 and for so long as Canterbury Sale Yards (1996) Limited has renewed its lease, rentals shall be zero. Canterbury Sale Yards (1996) Limited assumes responsibility for all outgoings including repairs and maintenance, property expenses, etc., subject only to an apportionment based on the availability of the premises to the Association.

2. Saleyards Lease

The Saleyards lease meets the definition of a "Finance Lease" under Accounting Standards. The Standard requires that the economic substance of the transaction be reported in the accounts, rather than emphasising the legal ownership.

The Association's gross investment in finance leases and the amount of unearned finance income has not been disclosed, as it cannot be calculated owing to the variable nature of the payments.

The unguaranteed residual value of the leased assets cannot be calculated because the potential length of the lease including all available renewal terms cannot be ascertained.

e) Valuation of Livestock

Livestock has been valued using market value.

f) Income Taxation

The entity is exempt from income taxation.

g) Revenue from exchange and non-exchange transactions

Revenue from exchange transactions

Service

Revenue from services rendered is recognised in the statement of financial performance when the service is provided.

Sales of goods

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. Revenue is measured net of returns and trade discounts.

Interest income

Interest income is earned for the use of cash and cash equivalents or any amounts due to the Association.

Interest income is recognised in the statement of financial performance as it is earned. Interest income is accrued using the effective interest rate method.

The effective interest rate exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount. The method applies this rate to the principal outstanding to determine interest revenue each period.

Revenue from exchange Transactions

Non-exchange Revenue

Non-exchange transactions are those where the Association receives value from another entity (e.g. cash or other assets) without giving approximately equal value in exchange.

Note 4 - Lease Commitments

In 2001 the Christchurch City Council acquired the Canterbury Agricultural Park land. The Association has entered into a license for 100 years from 1 April 2001 with the Christchurch City Council to occupy 90.14 hectares of that land for one month in each year. The Association has also entered into a lease for 20 years from 1 July 2001 with the Christchurch City Council with respect to 2.03 hectares of that land. The rental cost of the land is based on the actual costs incurred for that year.

In August 2018 the Association entered into an operating lease agreement with Gary Cockram Hyndai for an Issuzu Damo for 24 months. Also, in May 2019 the Association entered into an operating lease agreement with Cochranes of Canterbury for the use of a Tractor over 24 months. Both lease agreements are in exchange for advertising and sponsorship rights of equal value.

Inflows of resources from non-exchange transactions, other than services in-kind, that meet the definition of an asset are recognised as an asset only when:

- It is probable that the Association will receive an inflow of economic benefits or service potential; and
- The fair value of can be measured reliably.

Inflows of resources from non-exchange transactions that are recognised as assets are recognised as non-exchange revenue, to the extent that a liability is not recognised in respect to the same inflow.

Liabilities are recognised in relation to inflows of resources from non-exchange transactions when there is a resulting present obligation as a result of the non-exchange transactions, where both:

- It is probable that an outflow of resources embodying future economic benefit or service potential will be required to settle the obligation, and
- The amount of the obligation can be estimated reliably.

The following are the specific recognition criteria in relation to the Associations non-exchange transactions.

Grants and donations

Payments received under grants are recognised in the Statement of Financial Performance upon fulfilment of terms and conditions attached to each individual grant.

Donated Services

The Association sometimes receives the donated services from volunteers. The Association has elected not to recognise these services as they are difficult to measure reliability.

h) Related parties

The association regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Association, or vice versa. Members of key management are regarded as related parties and comprise the directors of the Association.

Note 5 – Property Plant and Equipment & Intangible Assets

Intangible assets

	Cost/Valuation 31 Dec 2018 \$	2018 Additions	2018 Disposals	Amoritization Expense \$	Accumulated Amoritization \$	Book Value 2018 \$
Intangibles	149,038	35,153	-	25,614	66,470	117,720
	\$149,038	\$35,153	-	\$25,614	\$66,470	\$117,720

	Cost/Valuation 31 Mar 2020 \$	2020 Additions	2020 Disposals	Amoritization Expense \$	Accumulated Amoritization \$	Book Value 2020 \$
Intangibles	184,190	13,635	-	35,422	101,893	95,933
	\$184,190	\$13,635	-	\$35,422	\$101,893	\$95,933

The buildings were last independently valued in May 2020 by William Blake, a registered valuer with Bayleys Valuations Limited in association with Knight Frank. Mr Blake is a member of the New Zealand Institute of Valuers.

The indemnity insurance valuation of the buildings at May 2020 is \$2,122,000 (2017: \$2,145,000). The revised revaluation of \$2,122,00 is recognised in the financial statements at balance date.

The buildings are revalued at least every three years, and more frequently if necessary to ensure carrying amounts are not materially different from fair value as at balance date.

BNZ Bank has a registered first mortgage over property at 71 Wigram Road, Wigram, Christchurch and perfected security interest in all present and after acquired property of the Association.

Note 6 - Reconciliation of Operating Cashflow and Net Surplus for the 15 Months Ended 31 March 2020 (2018 Year)

	Notes	Mar 2020 \$	Dec 2018 \$
Net Cashflow from Operational Activities		(201,043)	140,137
Non-Cash Items			
Depreciation & Amortisation		(130,532)	(103,201)
Fair Value Gain on Income in Advance		26,491	-
Movement in Working Capital			
Movement in Stock		(7,164)	12,936
Movement in GST		17,540	(3,747)
Movement in Debtors		(426,398)	18,670
Movement in Creditors		269,637	(110,824)
Net Surplus/(Deficit) for the Year		(\$451,470)	(\$46,029)

Note 7 – Related Party Disclosure

Tenth Dot Management Limited has been contracted to administer the operations of the Canterbury Agricultural & Pastoral Association.

The Events Director is a Director in Tenth dot Management Ltd

The Director of Tenth Dot Management Ltd is also the Director of Beck & Caul Ltd, who provide advertising services for the Canterbury Agricultural & Pastoral Association.

Disbursements paid to Tenth Dot Management during the 15 months ended 31 March 2020 were \$8,759 (2018 12 months: \$8,749).

Management Fee paid to Tenth Dot Management during the 15 months ended 31 March 2020 was \$880,826 (2018: 12 months: \$680,138)

Administration expenditure includes Directors' fees of \$59,000 for 15 months (2018: \$46,800)

Beck and Caul Limited goods and services provided during the 15 months ended 31 March 2020 were \$46,026 (2018: \$54,058)

Apart from this disclosure, there have been no other material related party transactions

Note 8 – Volunteers

The Canterbury Agricultural & Pastoral Association relies heavily on the valuable voluntary contribution of its Committee personnel, judges, stewards and members who give their time, skills and commitment to produce the benchmark of livestock and competition classes within the A&P movement nationally. Just over 500 volunteers contribute 22,000 voluntary hours to the Canterbury Agricultural & Pastoral Association and the Canterbury Agricultural & Pastoral Show throughout the year.

Note 9 – Sponsorship

Significant sponsors to the A&P Association during the year were the following: The Christchurch City Council, Vero Insurance NZ Ltd, Rata Foundation, ASB Bank Ltd, Fonterra Brands (Tip Top) Ltd, Ultimate Broadband and J Ballantyne & Co.

Note 10 – Saleyards Overhead & Expense Recoveries

Canterbury Sale Yards (1996) Limited has entered into a new lease renewal document with The Canterbury Agricultural & Pastoral Association, which specifies The Canterbury Sale Yards (1996) Limited is liable for all overhead expenses relating to the Saleyard building. Any closing profit/loss represents a change in accounting accruals.

Saleyards Revenue/Expense summary	Mar 2020 \$	Dec 2018 \$
Revenue		
Saleyards Overhead & Expense Recoveries	223,457	210,580
Expenses		
Saleyards Overhead Expenses	100,361	107,268
Insurance	74,995	63,642
Rates	53,259	37,042
Net profit	(\$5,159)	2,628

Note 11 – Youth Development Reserve

The Youth Development Reserve within equity represents the balance of public donations and bequests, whereby at the request of the donor the principal donation must be retained for Youth Development purposes within the Association and principal and income earned on the fund may only be applied for Youth Development purposes. These funds have therefore been separated from the general retained earnings of the Association.

All income and expenditure in relation to the Youth Development Fund is first recognised in the reported surplus or deficit for the year taken to retained earnings. The net balance of Youth Development Fund activities for the year is then transferred to the Youth Development Fund reserve within the Statement of Movements in Members Equity.

	Mar 2020 \$	Dec 2018 \$
Balance 1 January 2019:	16,821	16,257
Specific Donations & Bequests Income Received:	734	1,000

Balance 31 March 2020	\$938,084	\$14,503	\$1,850,093	\$2,802,679

Note 13 – Impact of COVID-19 and Going Concern

COVID-19 was declared a public health emergency by the World Health Organisation on 31 January 2020 and upgraded to a global pandemic on 11 March 2020. The New Zealand Government announced the move to Alert level 3 on 23 March and Alert level 4 on 25 March. There was increasing level of restrictions on New Zealand entities' ability to operate, significant volatility and instability in markets and the release of a number of government stimulus packages to support individuals and businesses as the New Zealand and global economies face significant slowdowns and uncertainties. Further restrictions were implemented on August 12, 2020 and continue to cause disruption to the ability of New Zealanders to move freely and gather in large groups.

For the 15 month period ended 31 March 2020, COVID-19 has impacted the Association, specifically as follows:

- The Show for 2020 has been cancelled, payments made for trade sites were refunded.
- Sponsorship and donations relating to the 2020 Show have been considered by the Association and discussed with the grantor, in most cases the grantors have waived conditions in relation to 2020 and have not required repayment by the Association. Many chose to donate to the Save the Show campaign.

The directors have prepared projected cash flow information until 31 March 2022, being 19 months from the date of approval of these financial statements, taking into consideration the estimation of the continued business impacts of COVID-19, including the cancellation of the 2020 show. In response to the uncertainty arising from this, the Directors have considered severe but plausible downside forecast scenarios, to account for the possibility of this downside risk the Directors have negotiated reduced fees with Tenth Dot Management to ensure sufficient cash reserves to mean the Association can continue to pay its debts as they fall due and continue operating. Directors have also opened negotiations with Tenth Dot Management to re-negotiate the management contract to take into account the uncertainties of operating in 2021 and beyond.

These forecasts indicate that, taking account of reasonably possible downsides, the Association is expected to continue to operate, with headroom, within available cash levels. Key to the forecasts are relevant assumptions regarding the business, business model, any legal or regulatory restrictions, financing and shareholder support, in particular:

- Achievement of previous levels of revenue at events that are able to run during the year;
- Continued support of the members;
- Mitigating actions undertaken or planned by directors and Association to manage and respond to cash flow uncertainties or potential risks of shortfall in financing and the implementation status and uncertainties that arise from them.

The directors remain focused on the Group's liquidity, and expect to manage business operations in the forecast period whilst maintaining adequate liquidity through the execution of:

- Anticipated applications for, and receipt of, funding from donee organisations and entities;
- Deferral or suspension of non-critical or discretionary operating and capital expenditure; and
- Renegotiation of significant management fee costs during the period of potential downside.

Based on these forecasts, the directors believe that it remains appropriate to prepare the financial statements on a going concern basis and have a reasonable expectation that the Association's continued operation during the next twelve months.

However, the following circumstances give rise to the existence of material uncertainties that may cast significant doubt on the Associations' ability to continue as a going concern and, therefore, to continue realising its assets and discharging its liabilities in the normal course of business:

The uncertainties relating to the future impact of COVID-19, including whether the planned 2021 Show would need to be cancelled.

Independent Auditor's Report

To the members of Canterbury Agricultural & Pastoral Association - **Report on the financial statements**

Opinion

In our opinion, the accompanying financial statements of Canterbury Agricultural & Pastoral Association (the Association) on pages 2 to 18:

- i. present fairly in all material respects the Association's financial position as at 31 March 2020 and its financial performance and cash flows for the 15 month period ended on that date; and
 - ii. comply with Public Benefit Entity Standards Reduced Disclosure Regime (Not For Profit).
- We have audited the accompanying financial statements which comprise:
 - the statement of financial position as at 31 March 2020;
 - the statements of financial performance, comprehensive revenue and expense, movements in members funds and cash flows for the 15 month period then ended; and
 - notes, including a summary of significant accounting policies and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (New Zealand) ('ISAs (NZ)'). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Association in accordance with Professional and Ethical Standard 1 International Code of Ethics for Assurance Practitioners (Including International Independence Standards) (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ('IESBA Code'). and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. Our responsibilities under ISAs (NZ) are further described in the auditor's responsibilities for the audit of the financial statements section of our report. Our firm has also provided other services to the Association in relation to an assurance review and Growth Strategy support. Subject to certain restrictions, partners and employees of our firm may also deal with the Association on normal terms within the ordinary course of trading activities of the business of the Association. These matters have not impaired our independence as auditor of the Association. The firm has no other relationship with, or interest in, the Association.

Material uncertainty related to going concern

We draw attention to Note 13 in the financial statements, which indicates uncertainties relating to future cashflows, including the potential impact of COVID-19 on the ability to hold the 2021 Show. As stated in Note 13, these events or conditions, along with other matters as set forth in Note 13, indicate that a material uncertainty exists that may cast significant doubt on the Association's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Use of this independent auditor's report

This independent auditor's report is made solely to the

members as a body. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in the independent auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members as a body for our audit work, this independent auditor's report, or any of the opinions we have formed.

Responsibilities of the Trustees for the financial statements

The Trustees, on behalf of the Association, are responsible for:

- the preparation and fair presentation of the financial statements in accordance with generally accepted accounting practice in New Zealand (being Public Benefit Entity Standards Reduced Disclosure Regime (Not For Profit));
- implementing necessary internal control to enable the preparation of a set of financial statements that is fairly presented and free from material misstatement, whether due to fraud or error; and
- assessing the ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objective is:

- to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and
- to issue an independent auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs NZ will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of these financial statements is located at the External Reporting Board (XRB) website at:

<http://www.xrb.govt.nz/standards-for-assurance-practitioners/auditors-responsibilities/audit-report-8/>

This description forms part of our independent auditor's report.

Nominations and Resignations

OFFICERS OF THE ASSOCIATION

Nominations

The following nominations have been received for Officers of the Association for the ensuing year:

President: Chris Herbert

Senior Vice-President: Chris Harris

Junior Vice-President: Anne Rogers

GENERAL COMMITTEE

Resignations

Willie Ritchie

Nominations

Charles Millar-Brown

Together with my wife Emma, we farm 400 Ha on Glenmark Drive in Waipara, North canterbury. We farm approximately 3500 Halfbred sheep and 65 Hereford cattle. I am also the Huntsman for the Brackenfield Hunt, a role I moved to North canterbury for nearly 8 years ago. In addition to this we have 400 stud ewes, Suffolks, Southdowns and Texels. I have been exhibiting sheep at the Show for 10 years. At times we have also shown horses in the flat classes, show jumping and round the ring jumping events. Last year we started exhibiting wool aswell. I have been on the sheep sub committee for 3 years, Initially as a co-opted member to represent suffolks, but for the past year and a half have been the Suffolk breed captain. I have also been involved with the youth committee as a sheep representative since its inception.

BOARD OF DIRECTORS

Mark Clarkson retires by rotation and offers himself for re-election.

Melissa Davies retires by rotation and offers herself for re-election.

Directors' Fees

There is no proposed change to directors' fees in 2020.

President's Honorarium

There is no proposed change to the President's honorarium in 2020.

^{RE} Royal Event ^B Royal Show ^A 150 Anniversary

Awards and Feature Competitions

DAKINS AMBASSADOR OF THE YEAR

The 2019 Ambassador of the Year Award was presented to the Coplands.

Mark, a third generation farmer, has been a champion for sheep breeding for many years, following on from his grandfather who founded their stud 85 years ago. Mark has been a consistent prize winner at the Show within the breed and interbreed classes, and even serves as a wellrespected judge.

Building upon this, the Coplands are at the forefront of breeding development, always searching for improved genetics. A record of the achievement of all their hard work can be seen through the fact they won Champion & Supreme Champion Ram at the Show in 2017.

HEARTLAND BANK YOUNG AUCTIONEERS COMPETITION

PGG Wrightson Livestock representative, Sam Brown, took home top spot at the 2019 Heartland Bank Young Auctioneers Competition.

The Young Auctioneers Competition aims to showcase and develop young auctioneers and improve the standard of auctioneering across the board. Sam will receive \$2,000 to attend the 2021 Sydney Royal Show to see the ALPA Young Auctioneers Competition. He claims the Denis Hazlett Medal and NZSSAA Perpetual Trophy.

The competition moved from Wednesday to Show Day Friday, which saw a record crowd of urban and rural visitors flock to the UBB Cattle Lawn for the chance to learn a little something new.

NEW ZEALAND AROMATIC WINE COMPETITION

Spy Valley was the big winner at the New Zealand Aromatic Wine Competition and Canterbury Wine Competition judging weekend held in mid-October as part of the Show. Nearly 300 wines were judged over two days by a blind panel of international and national wine judges. Winners:

- **Beck & Caul Supreme Champion Wine in Show:** Spy Valley ENVOY Johnson Vineyard, Riesling 2013
- **Runner Up Champion Wine in Show:** Two Rivers JULIET RIESLING 2019
- **Champion Riesling:** Two Rivers JULIET RIESLING 2019
- **Champion Sauvignon Blanc:** Two Rivers BLACK COTTAGE SAUVIGNON BLANC 2019
- **Champion Other Aromatic:** Blackenbrook Nelson PINOT BLANC 2019
- **Champion Pinot Gris:** Domain Road "DEFIANCE" PINOT GRIS 2019
- **Champion Rosé:** Weaver Estate "SUMMER ROSE" PINOT NOIR 2019
- **Champion Museum:** Jackson Estate BOTRYTIS RIESLING 2018
- **Champion Museum:** Spy Valley ENVOY Johnson Vineyard RIESLING 2013
- **Macvine Supreme Champion Canterbury Wine:** MOUNT BROWN ESTATES RIESLING 2019
- **Canterbury Champion Gewürztraminer:** Omihi Road Gewürztraminer 2014
- **Canterbury Champion Riesling:** Mount Brown Estates Riesling 2019

SHOW LEGEND

The Show Legend Award takes a moment to recognise an individual for their outstanding voluntary services to the Show.

For 2019, Carolyn Flay was honoured for her outstanding commitment to the Dairy Section, having overseen it for the past 15 years. Carolyn is a significant reason as to why the Show has managed to retain a Dairy Section in recent years, and she continues to go above and beyond to champion its success. Everyone who knows Carolyn, knows she does all her hard work without expectation of recognition, which made the accolade all the more special.

MINT LAMB COMPETITION

The Mint Lamb Competition is a highlight for many at the Show, and draws a packed crowd to the Sheep Exhibitor's Club, to taste the best lamb New Zealand has to offer!

A big congratulations goes to Paul Gardner, for taking home the overall win with his entrant into Class 1 14.6-19.5kg.

After going through the first two rounds of the competition pre-Show, entrants are then subject to the Taste Test round on the Wednesday of the Show, with a stellar panel of judges stepping up for the task of tasting. This year, the envious task was carried out by Mark McCracken, head chef of Comber Cuisine, Mark Clarkson, CAPA Board Member, Phil King, RAS, and Brendan Reisima, ranked number 1 NZA BBQ competitor in NZ currently.
